Departure

*To be confirmed

***Please note that the consensus model may be used at the General Council. Thus we will be carrying out this model at this year's Executive Committee meeting in order to experience it. The agenda is also structured with this model for this reason. For example, listening sessions consisting of information given to whole group / in plenary, dialogue groups consisting of small groups to discuss what has been heard, and decision sessions where the entire group comes back together to make any decisions.*
