

Discernment Questions: 18 May: General Council Planning

On the Theme: “Persevere in Your Witness”

What does “Persevere in Your Witness” sound like in your native tongue? How does this speak to your context?

What do you think are the implications of the theme in a “post-pandemic” world in which violence and inequality are endemic particularly as we attempt to move into a “new normal?”

How could the theme direct the work and witness of the WCRC leading up to and through the Council?

On Planning Participation

Do you feel that the General Council Planning Committee effectively represents the Communion? What do you believe is missing?

Who would you recommend to the Worship Committee and/or other working groups?

On Member Church Engagement

In what other ways could Asian churches, along with other member churches, be engaged in the support and planning of the 2025 General Council?
